

DREW & BANDA

Atty James F Banda of Marie Drive topped the list, in the Selectmen's race in last Saturday's election, handily, to be elected as a Selectman. Mrs Wavie Drew, a candidate for re-election, was also elected. Banda received 1325 votes and Mrs Drew 933.

Paul Niles, who was a last moment 'run again' candidate for re-election received a total of 619 votes, and Charles Greene of Shady Lane Drive received 247.

There were 247 blanks, and one vote cast for another.

It was the mildest and least exciting election in years in Wilmington. There were no mailings of broadsides, and very little political activity. A total of 1819 voters went to the polls, out of 6657 who were eligible (27.33%).

In the School Committee race former Selectman John Brooks

topped the list with 1159 votes. Walter McNamara of Kenwood Ave was also elected, receiving 1150, while Mrs Mildred Wolff of Woburn Street received 808. There were 517 blanks, and four votes for others.

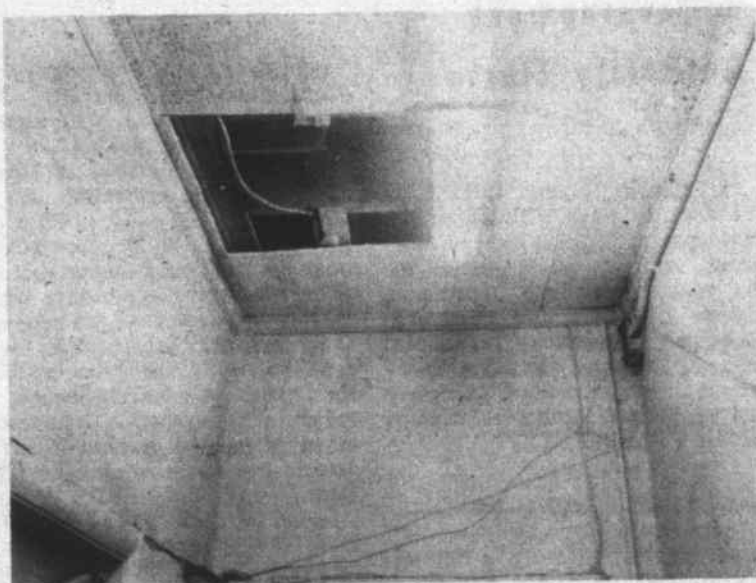

Richard Keane of North Street, an opposed for re-election to the Regional/Technical School Committee, outdrew all other candidates, with a total of 1504 votes.

Robert Leahy of West Street, unopposed for Urban Redevelopment Authority, drew 1472, Ernest Crispo, unopposed for the Wilmington Housing Authority, drew 1460, and Simon Cutter, unopposed for Moderator drew 1441 votes.

Democratic Committee Supports Johnson

Chairman James F McLaughlin of the Wilmington Democrat Town Committee announced last night

that the committee will ask the voters of Wilmington to write in the name of President Johnson, in the Primary Election, on April 30th.

Burglaries Mar Weekend

After a period of relative calm, free of burglaries, Wilmington has had three in one weekend.

Thieves started the weekend by breaking into Lucci's Market, on Lowell Street.

Only \$2.50 in cash was in the store's cash register, so the thieves helped themselves to cigarettes and meats.

Entry was made by sawing a hole through the roof, in back of the meat counter. The burglary was discovered by John Lucchi at 8:55 am Friday when he opened the store. The Ski Haus, in North Wilmington, next to Elia's Market, was the scene of the second burglary.

It was discovered at 4:35 am on March 3rd by Officers Shelley and Woods of the Wilmington Police, while on routine patrol, and is under investigation by Inspector John Harvey.

An attempt had been made to force the back door, but it was unsuccessful. The burglary was then accomplished by smashing a panel in the front door, and reaching in and opening the door. Clothing is reported to have been stolen.

The Wilmington Builders Supply Co on Main Street suffered the worst loss, when about \$1600 was taken from their safe, over the weekend.

The crime was presumably committed on Sunday evening or night. Discovery of the crime was on

Monday at 7:45 am when the store was opened.

The rear door had been forced, very skillfully. The safe had been rolled into the front office, where four crowbars and a sledgehammer, all taken from the stock on hand in the store, were used to 'peel' off the front of the safe. Police described the operation of opening the safe as a 'butcher job'.

Copper Wire Stolen

Copper thieves, on March 2nd, between the hours of 7 and 8 pm, rolled up 200 pounds of copper wire, from the telegraph lines on the Wildcat Railroad, between Glen Road and Salem Street, and made off with it. The copper was apparently loaded onto a truck or other vehicle at Salem Street.

TOWN CRIER PICTURES

No charge is made for pictures furnished to the Town Crier to accompany stories, if they are suitable for publication.

To be suitable, they must be black and white photos, of the size needed. For a picture of an individual, a wallet sized black and white photo is best.

For color pictures, or for pictures which have to be changed in size, a \$3 charge will be made.

This year's copy has much to recommend it. It is far superior to those of previous years. A couple of years ago such a report would have been impossible, when Wilmington had in effect two Finance Committees, the 'ins' and the 'outs' and they were busy warring with each other.

Happily that is over. The present committee is composed of men from both of the former committees, and they have learned the value of getting along together. The town is the one who benefits.

If there were in Massachusetts a contest for the Best Finance Committee report, that of Wilmington would surely occupy a high place this year.

The first thing that may startle a new comer is the item 'salaries' appearing against many of the so-called 'volunteer' committees, such as the Board of Selectmen. Most of the town's committees are not paid. The word 'salaries' refers to money used to pay clerical help, etc.

The Town Budget goes through Page 12, and will occupy several hours, Saturday afternoon. It will first be voted item by item, and any voter is privileged to speak or ask questions. Then, finally, the entire budget as individually voted will be voted as one budget.

Not too much debate is to be anticipated. Most of the sums arrived at are by agreement, and for town employees, etc., it is by agreement with the particular unions involved. There is one slight exception that may pop up. Some Selectmen and others have been talking about it. It is things like this item that keeps Town Meetings interesting.

There will be discussion on the Dog Officer's Salary. Readers will remember that the Dog Officer resigned a few weeks ago, because of the Leash Law. Too much work, and too little pay.

The Town Manager is prepared to amend the sum to a greater sum, for a new Dog Officer to get. It could turn out to be funny, for a few minutes.

Also to be expected is the asking for \$10,000 for Lights at the playing field in the Town Park. This item could not get in the budget, and will have to be by amendment. It probably should carry. \$10,000 is ten cents on the tax rate, this being based on a total valuation of \$100 millions.

Now for comment on a few articles:

Article 7. The Town Engineer feels hampered because he hasn't enough trucks. He is asking for one and the Finance Committee cannot see why. The Town Crier thinks he has a good cause, and the Town Engineer can be expected to stand up and say a few words on the subject. As things look now one of the Town Engineer's assistants is going to be going around on roller skates.

Articles 16, 17 and 18 have been disapproved by the Finance Committee. These articles are to provide \$750 apiece to the three veterans organizations. \$750 is three-quarters of a cent, on the tax rate.

Veterans organizations fill a definite need, in our New England way of life, and should be supported. They do much to help the community, in ways that are not generally appreciated. To vote them down for three quarters of a cent is trivial.

Article 20 is for the new school on Hopkins Street. The price is probably as low as it can be under the circumstances. What is needed is Standardization of School Plans. Mayor Gill of Woburn is trying to have this achieved. Wilmington could very well line up behind the Mayor. There is a lot of money to be saved, by some foresight.

Article 22 is a 'first' in that this will be the first time the town votes to buy land for recreational and conservation purposes. It is a 'good' article. 50% of the money to be spent is re-imbursable. Re-imbursable, by itself, is not always the answer, but in this case the Town Crier approves.

Article 23 was full of fire, but, as reported by the Finance Committee, it has been withdrawn.

The most controversial article is the last one, Article 39. This is where the fun may come.

It asks to rezone land in North Wilmington to industrial. It has been voted down by the town in previous town meetings.

As a matter of principal the Town Crier believes that a railroad such as this, offering railroad sidings, should be utilized. Industries seek railroad sidings and Wilmington's Town Managers in the past have attested to this. But the fly in the ointment in this case is a lack of protection for the nearby residential zones. The article could resolve itself into a real interesting argument.

HEY HO FOR THE TOWN MEETING!

Judging by the interest shown by the voters in the election last Saturday, the annual town meeting which begins this Saturday at 1:30 pm will not be overcrowded. It will be held, of course, in the High School Gymnasium.

If nothing else a New England Town Meeting may be described as a good sport, or an afternoon's diversion. It isn't always exciting to a new comer from the city, and for some, like the taste of olives, it is a sport that has to be acquired. But newcomers to Wilmington who have attended town meetings as the result of an urging by the Town Crier now attend every year.

Each voter is supposed to have received in the mail a booklet prepared by the Wilmington Finance Committee, which has both the Warrant for the Meeting, and the Finance Committee's recommendations. If none has been received there will be plenty available at the door.

Letter

Dear Captain Neilson,

Articles 22 and 30 could be among the most progressive steps the Town has taken in a long time.

The General Laws require that developers set aside some lots in each development for the option of the Town to use as recreational areas. In the past, Wilmington has been remiss in allowing these lots to revert back to the home-builders. The League of Women Voters supports the Planning Board's request to save the lots in Hathaway Acres Extension for recreation and open space.

The Conservation Commission should also be commended for its interest in setting aside the land off Parker Street on the Maple Meadow Brook as well as some lots near the proposed Shawsheen School. Lands and lots like these should be acquired by the Town at every opportunity as the day is fast approaching when they will no longer be available.

For these same reasons the League adamantly opposes Article 39. With 75% of the Town's Industrially Zoned land going unused, it seems inconceivable that the townspeople would consider rezoning open areas so near the center of town in a residential area. The Planning Board has been working very hard to define and preserve

the complexion of Wilmington as a pleasant, well-balanced place to live. Rezoning articles which are presented by private interests are seldom designed for the good of the Town, and we would be wise to follow the suggestions of the Planning Board and the Finance Committee to turn down this request for haphazard zoning. With our town officials reacting negatively to this article, we urge the voters to VOTE NO on Article 39.

Thank you sincerely,
Nancy M. Bodenstein,
President, WLWV

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hi Folks! Now you're getting with it. The knitting or crocheting project is beginning to take hold. Have had four volunteers to knit this week with yarn supplied, and Joan Lynch is taking her friends for one skein each, so that will take care of one more Veteran. Had a donation from a couple of 'Somervilleites' who happened to note this gals plight! And this couple of 'girls' would put us all to shame. They are 85 and 91 years young. Keep house, have roomers, and have a young lady of 75 staying with them, who goes to work at Tufts College. That's what I call living! By the way, they gave me six jigsaw puzzles also to go to the service boys on the Sanctuary along with the cards that have been coming to me thru Wilmington donors this week. You are all a wonderful group and I certainly appreciate your interest and help. It makes me feel really good, when you read of the apathy around. You've certainly shown me otherwise. Keep up the good work. Am still looking for odds and ends of yarn, Barby and Nancy! Where are you. Maybe Mary has some too. Elsie, did you ask your cousins, your sisters, and your aunt about that yarn? We'll really have to hustle to keep ahead of these 'kids'. Ann Ellsworth called me this morning. She's making a good 'stab' at it, she says, and contributing the yarn also. The Christmas Gremlin comes up with one about every ten days, and with five kids, don't know where she finds the time nevermind the money. Nellie herself contributed \$35 this week, and that's with being on a pension, plus the time and gas she spends running around. That's what I call a labor of love. The Clan voted this week to go on bread and water for one week, so we picked up all the odd lot at Grant's, who kindly gave us a discount for the yarn for the boys! So, these 'knitting machines' still need your help. Leave it off at the Depot. That Yarn box is there looking awfully lonely. Let's go, Folks!

March 10 is Girl Scout Sunday and each girl will go to her own church in uniform: St Dorothy's at 8:30; St Thomas at 8:15; The Congregational at 11:00; Baptist at 10:30; Forest St Congregational at 11:00; Methodist at 9:30; and Temple Shalom Hebrew School a special service at 11:00.

Try to make your service the one that they are attending. Those small fry are really doing some good job!

The Ecumenical Discussion Series will continue this week on Tuesday, March 12 at 8 p.m. at the Methodist Church. The topic will be the Methodist Church.

On March 14th at 7:30 p.m., the Ecumenical Youth Group will be meeting at the Lester Home at 276 Lowell Street. A good chance for you young people to meet all the others from town and develop a deeper understanding of what their faith is.

WHS CLASS OF 1953, where are you? Plans are now being made for the 15th Class Reunion. The committee needs help in locating some 'lost' souls. If you know of anyone's whereabouts of Vernon Elliott; Richard Kelley; Chester Ferguson; John Baxter, or Frances Delaney, please call Madeline (Emery) Syvertson at 658-8675 or Anne (Bennett) Woods at 658-2043 ASAP.

Whoops, it's time, Folks! The Annual Mothers' Club Dance of the Walker School will be held on Friday evening, March 15 at the Knights of Columbus Hall in Tewksbury (We believe that's on South or Shawheen going towards 93) Music will be by Bill Kearns and His Melody Men and dancing will be from 8 to 12.

The wearing of the Green, or St Patrick or the Emerald Isle is the motif this year and the dance committee is completing plans for a lot of fun. The Honorary Chairman is Mrs George West, presi-

dent and the co-chairmen of this event are Mrs. Jane Babcock and Mrs. Daniel O'Keefe, assisted by Mrs. Roger Breakey, Mrs. William Cavanaugh, Mrs. Lawrence Donovan, Mrs. Thomas Eager and Mrs. Raymond McNamara.

All townsfolk are welcome and this will be a good takedown for the coming of Spring Swing! Get with it and call any of the committee for tickets. (They didn't tell me the tariff, but it will not be much since they all have families too!)

The small gals of Cadette Troops of Girl Scouts No 402 are really busy under the competent leadership of Mrs. Noel Fougere. Among their many activities was a three-day camping trip recently to Cedar Hill. This was during a snow-storm!

Recently a meeting was held of all of the parents who completed the plans to the Washington trip. The Cadettes will be selling nuts during the beginning of April to assist with the finances of their trip. Give them a good welcome and help them out!

The Eastern Middlesex Board of Realtors has announced that a Landscaping Seminar will be held on March 13. The public is invited to attend the meeting which will be at the Yeuell School, Greenwood Street, Wakefield at 8 PM.

Various types of plantings will be arranged around the hall, and the speaker of the evening, John Bell of the Corliss Tree and Landscaping Corp. of Gloucester, will illustrate his talk with charts and colored slides.

Free tickets for the Seminar are available at the office of any Realtor member of the Eastern Middlesex Board of Realtors.

Jimmie Van Steensburg, thanks for your note. You really have said something that needed saying and we're proud to quote your letter:

'Dear Nosey Nancy, (That is new one, but I guess true! NN) 'First I wish to offer my deepest sympathy to Mr and Mrs Fullerton on the loss of their son, Jack. I'm sure Jackie was a proud American as I am, in our struggle to sustain the Rights and Liberties of American followers.

'Why do our people protest the Johnson Administration? Don't people realize how deeply Communism had infiltrated into our American soil. That if our fight for freedom here on foreign soil is lost it will not be long before it is at our own front doors.

'When this does happen Freedom will be gone forever. It is not a very nice thought for people like myself that have seen the hardships the people of Asia have to cope with in their daily life. I think that people like Gerry Ronney will agree with me when I say the American people lives are soft in comparison. If America were to come under the seizure of war, and were forced to face these hardships, I'm afraid to say he would fall.

'Although I don't agree with Mr Johnson's political views wholeheartedly, I must back him. Let's face it, folks, he has the inside scope of things!

'I only wish that the American people would open their eyes to this and realize what our struggle stands for here in VietNam. Look at the future and don't cover fact with the signs of protest. Remember many men like Jack have given their lives just so that you could sit at home tonight and read the paper and watch the idiot box. This may not seem like much to you, but it would be considered a luxury over here. That is Freedom.

'I hope I haven't bored you, Nancy, but I'm in hopes that someday, someone, somehow, will be able to convey to the American that Freedom has to be won with the support of all.

'I know how Kaz feels. I was on an LST in Norfolk in '65 when they got hit with one of their worst storms in years. Fortunately or unfortunately, we left that day for VietNam. My first tour lasted eighteen months. I had thirty days leave in August of '67, then reported aboard the USS RANGER (CVA 61). We left the States in November and I'm now serving my second tour.

'I'll close for now, Nancy, say to the wonderful Folk of Wilming-

ton for me. Keep up the good work, I enjoy your column immensely! Your identity is somewhat of a puzzle to me. I don't know if I know you or not. I guess I'll have to drop in and have a chat with you someday when I return to Wilmington. 'Truly yours, James VanSteenburg'

(ok, Van, we'll be looking for you! You should have been in school with one of the Clan, but I don't just know how old you are. Anyway, we'll be seeing you and meanwhile, if it makes you feel any better, the people of Wilmington have proved that they are behind you with actions as well as words because of what they have done for the Sanctuary. Also, besides the idiot box there is incorporated in freedom, a right

to freedom of speech and you are fighting for that, so don't be too hard on voiced dissention. My experience has been that all don't know whether or not they agree with the war, but they are behind you boys all the way because you are there, and our news is a little lopsided, so we have to take it on faith that the president is on the inside track and that you kids aren't getting chewed up for nothing! If you could have seen the sorrow and unhappiness in the Town because of Jack's death, you would know by the turnout of people and the quietness during that time!)

Did you hear that two long lost buddies from Wilmington had a ball DaNang last month. Seems that

Billy Pierce was there and Bobbie Given's ship was in port for repairs and he didn't have a place to stay, so he stayed with Bill all night. They painted DaNang bright red.

We hear that the Methodist Church was the recipient of two Family Bibles and a set of New Testament records this month. What a wonderful gift. These will be loaned to the blind and shutins and to the Sunday School Teachers for use with their lessons.

Selectmen's Meeting

The Bursaw Oil Company got short shrift, at the Selectmen's meeting, Monday night, and among those who did not like it was Waverly Drew. Mrs. Drew waved her finger under the nose of Chairman Jim Miceli, and expressed her opinion of the business.

Before a chance for a review was given Mr. Miceli made a motion that a permit be not granted. It was seconded by James Banda. It was then that Waverly got up and waved her finger Miceli-wise. Mrs. Drew made it clear to all who would listen that at the previous meeting the motion was taken under advisement for the purpose of discussion, and there had been no discussion.

Miceli said simply that nothing had been accomplished, not one thing resolved, and that the people had made it clear in the two previous hearings that they did not want a gas station.

Stanley Webber, who was one of twenty persons present, spoke at some length, trying to explain the purpose of the "new hearing". He had to admit that things were "going backward", since the financing institution, backing Bursaw, was now insisting that a gas permit be available when there was a 25% completion.

The Board of Selectmen reached strongly to this. Miceli pointed out that Bursaw had previously accepted the restriction made by Town Counsel that the Motel would be set up before the gas station, at the corner of Woburn and Lowell Streets.

Webber again spoke up to ask the Board to reconsider, but Miceli shut him off abruptly by saying that the motion had been voted on and that it was now a dead issue.

Voting against Bursaw was Miceli, Boylen, and the new member of the Board of Selectmen, James Banda.

NET&T representative Mr. F. W. Casey was present requesting permission to put in eighteen poles on Andover Street for the Electric Light Company to get to the new plants. There was some dissension among the Members of the Board as to why the wiring could not be put underground. Casey said that the case had to go to the State DPW, but it needed the Town's permission also.

Robert M. Bern of the New England Power was present to inquire about the heights of poles, etc., and had a copy of the plans from the NET&T. Banda inquired about street lights on these poles. The Municipal Light Representative stated that it was up to the Town. Miceli added "good point". Mrs. Drew made the motion, and Banda seconded, with Boylen and Banda abstaining from the vote. Boylen requested that the Reading Municipal Light give the figures for the installation underground. Miceli will request

this in writing.

Morey and DeLoury were again present with the Town Engineer Arthur Harding for removal of gravel from their lots on Andover Road. The Town Engineer was quoting from the book, but had not seen the site. He was instructed to look at the site, and give his personal opinion next week at the Board, when a decision will be made for Messrs. Morey and DeLoury. The abutting owners to the Andover site were present and stated that they were in favor of the operations, since it would help their property lines in back by removal of the high hill.

Communications

Request for Incorporation of Leo Harrington of 25 Fairmeadow Road by the Secretary of the Commonwealth, so that he might sponsor a non-sectarian Chapel in Taunton.

The Department of Natural Resources wrote restrictions on the Hatch Act Hearing of the HKH Trust on Main Street next to the Texaco Station, which was referred to the Town Counsel.

There was a request from the Outdoor Advertising Board to inform our Representative to go along with Bill 2117, local veto power, which went through the Senate last year, but lost at the house. Our representative voted against reconsideration at that time. Mrs. O'Rourke will write a letter to him to this effect.

The Town Sanitarian worked out a contract for \$24,000 for the town dump for another year with Mr. Spinazola.

The Town Counsel, Town Manager, and Town Engineer and the Chairman of the Board will work out restrictions for the Benevento gravel pit permit this week. Miceli said it is illegally operating now. There was a letter from the developer of Kenwood Avenue, who had been turned down a week ago, in a Hatch Act hearing. He wished to know why he had been turned down.

The Selectmen were free with their comments. Miceli said it wasn't necessary for them to state why. Boylen volunteered that he and Miceli had found kids skating and playing hockey, and it was their concern that the area be not filled to ruin their hockey. Miceli said it was a natural brook, and in spite of what the Planning Board thought, it was not a political move. Bill Hooper, of the Conservation Commission said that there were kids who went swimming there in the summer time, and it was the Conservation Commission's opinion that they had been in accord with the Selectmen when the Selectmen had turned down the developer's proposal to lower the brook.

Big Joe LaCreta had his license renewed subject to the usual restriction by the Board of Health. Application again on permission for a billiard room at the corner of Main and Church Streets. Mrs. Drew made a motion to deny the hearing.

A letter from the Attorney for Barbo and Tambone was read stating that they would like to be

recorded as opposing the zoning changes as suggested in Article 23 on the Warrant. Mr. Dardeno said that these could seriously affect the Wilmington Industrial Park.

A discussion ensued as to whether or not the Planning Board had withdrawn this article, since there had been no official communication. The TM said yes they were withdrawing the article.

A memo from Town Counsel said that the builder who has stated he could proceed with the subdivision would be subject to criminal penalties and attachment of equity according to the subdivision control laws.

Mr. DeLkimo appeared from Pon Street at the Lake and stated that the parking lot was overflowing onto Pond Street and was washing it away completely. The Town Manager will investigate, at Mr. Black's request.

New Business

Boyle requested from Chief of Police Paul Lynch, who was present, that he place a cop at the junction of Woburn and Lowell St during the rush hours of Avco. Lynch said it wouldn't do any good because Avco people were fighting each other going in and out and cutting through the back of Lucci's lot. He also reprimanded anyone concerned that the police weren't consulted when a new exit or entrance was put in off any of the streets. Lynch said that Avco had decided where exits would be, and had made them that way. Now they were suffering the consequences.

Peter Schwinn who lives in Hathaway Acres and works at Avco suggested to Lynch that he meet with the Traffic Department at Avco, and Lynch said he had for innumerable hours, but that Peter must have to go down to 62 and around, as most of the Avco people who live in town do; and Peter acquiesced. Wilson Belbin, a resident of Woburn Street in the Morse Avenue area pointed out that it was impossible two or three times a day to get out of his home.

Boyle insisted that Lynch try a cop for a week, which Lynch agreed to do, but still he insisted that it would make matters worse.

Mr. Lynch, who was being very outspoken, then brought up the Post Office parking area situation, of which he said he, for one was ashamed. He said that he and the Selectmen had discussed this time and time again but they were getting nowhere.

Mrs. Drew said that she and Mr. Black had been trying for years to have Olson Road (between the Postoffice and the Fire Station) completed through to the MCNB parking space, but had not been successful. Lynch spoke up to say that in his opinion, Olson Rd should go right through to Middlesex Avenue, but then Miceli spoke up to say that the Town Manager was studying the situation.

Black asked for a report on a firetruck, which had been tested recently. The TM read the report. The pumper had failed miserably on all scores. There was a statement that it should be rebuilt, and Black said that this had already been done once.

Boyle asked if the truck had been tested by the Lawrence Fire Department, and the TM said it was by the company that had made it, so Boyle asked the test be made by a company not selling or servicing the equipment. The truck will now be taken to Lawrence for testing.

The TM told the Board that Mrs. Miriam Colucci was resigning on May 1, as Town Collector, and that she had some requests to make. She had been working with the Town since 1935, and the Board agreed to her requests. The Meeting was concluded after

Selectmen's Meeting

The Bursaw Oil Company got short shrift, at the Selectmen's meeting, Monday night, and among those who did not like it was Wavie Dres. Mrs. Drew waved her finger under the nose of Chairman Jim Miceli, and expressed her opinion of the business.

Before a chance for a review was given Mr. Miceli made a motion that a permit be not granted. It was seconded by James Banda. It was then that Wavie got up and waved her finger Miceli-wise. Mrs. Drew made it clear to all who would listen that at the previous meeting the motion was taken under advisement for the purpose of discussion, and there had been no discussion.

Miceli said simply that nothing had been accomplished, not one thing resolved, and that the people had made it clear in the two previous hearings that they did not want a gas station.

Stanley Webber, who was one of twenty persons present, spoke at some length, trying to explain the purpose of the 'new hearing'. He had to admit that things were going backward, since the financing institution, backing Bursaw, was now insisting that a gas permit be available when there was a 25% completion.

The Board of Selectmen reacted strongly to this. Miceli pointed out that Bursaw had previously accepted the restriction made by Town Counsel that the Motel would be set up before the gas station, at the corner of Woburn and Lowell Streets.

Webber again spoke up to ask the Board to reconsider, but Miceli shut him off abruptly by saying that the motion had been voted on and that it was now a dead issue.

Voting against Bursaw was Miceli, Boylen, and the new member of the Board of Selectmen, James Banda.

NET&T representative Mr. F. W. Casey was present requesting permission to put in eighteen poles on Andover Street for the Electric Light Company to get to the new plants. There was some dissension among the Members of the Board as to why the wiring could not be put underground. Casey said that the case had to go to the State DPW, but it needed the Town's permission also.

Robert M. Bern of the New England Power was present to inquire about the heights of poles, etc., and had a copy of the plans from the NET&T. Banda inquired about street lights on these poles. The Town Municipal Light Representative stated that it was up to the Town. Miceli added 'good point'. Mrs. Drew made the motion, and Black seconded, with Boylen and Banda abstaining from the vote. Boylen requested that the Reading Municipal Light give the figures for the installation underground. Miceli will request

this in writing.

Morey and DeLoury were again present with the Town Engineer Arthur Harding for removal of gravel from their lots on Andover Road. The Town Engineer was quoting from the book, but had not seen the site. He was instructed to look at the site, and give his personal opinion next week at the Board, when a decision will be made for Messrs. Morey and DeLoury. The abutting owners to the Andover site were present and stated that they were in favor of the operations, since it would help their property lines in back by removal of the high hill.

Application again on permission for a billiard room at the corner of Main and Church Streets. Mrs. Drew made a motion to deny the hearing.

A letter from the Attorney for Barbo and Tambone was read stating that they would like to be

recorded as opposing the zoning changes as suggested in Article 23 on the Warrant. Mr. Dardeno said that these could seriously affect the Wilmington Industrial Park.

A discussion ensued as to whether or not the Planning Board had withdrawn this article, since there had been no official communication. The TM said yes they were withdrawing the article.

ST THOMAS NEWS

Masses: Sunday - 7:00, 8:15 9:20 down, 9:30 up, 10:45, 12:00 5:00. Weekdays - 6:45 am and 12:00 noon.

Sunday - 2:00 pm Baptisms at the Church. 5:00 pm CYO Youth Council meeting after Mass. 7:00 pm Start of a Lenten Course 'The Living Christ' arranged by the CCD Adult Education Dept. to provide for the growth and development of all adults of the parish.

Monday, 4:00 and 7:00 pm. Start for the annual Novena of Grace in honor of St Francis Xavier conducted by Fr Lamond, O.S.A. Another Lenten opportunity to hear the Word of God, get to Confession, and pray persistently for our national and personal needs. Sodality and CDA will meet after the services. Note: From Wednesday on, Novena services start at 7:45 pm. Stations of the Cross can be said privately this Friday.

Library: The World Book Encyclopedia has arrived.

Altar Boys: The Altar Boy List is on the Bulletin Board in the Sacristy with special notices.

Jubilee: Next Sunday is Jubilee Saturation Day when all parishioners who have not contributed to the Drive are asked to make an effort to do so. Lent is the time. Selfishness shrivels the heart and spawns infidelities to God. Penance and sacrifice expand the heart, allowing God's grace and the virtues to thrive better.

We would be pleased to have women and girls offer their services to type, file, and do general secretarial work a few hours a day or nite, please contact Fr Mackin.

Nex Sunday: 8:15 am - HNS and K of C Communion Sunday; also, Catholic Girl Scouts are asked to meet in the basement at 8:00 am for their Girl Scout Week Observance.

Monday, March 11 - the Green Whist. We need your returns your prizes and stamps. Please invite your friends to this Whist. We are badly in need of stamps by Thursday.

Youth Center: Men and women are needed to chaperone the Youth Center. Anyone who has volunteered and has not been contacted please call 658-8290 or 658-2560. The Center is open 8-11 Thursday evening for High School graduates.

AND A GOODLY CROWD WAS THERE: At the A B Sweezey Company, 615 Main Street, last Friday, in spite of the storm. The parking lot was filled with cars of people who wanted to participate in the lectures on home improvement.

Speaking is Bob Conlin of Gunderson Road, of the Joseph M O'Callahan company, distributor of Ozite carpeting. Roger Beaupre of A B Sweezey is behind the small podium. How many other local faces does the reader recognize?

THE LITTLEST BALL PLAYER: Paul McQualde, 9 years old, of 71 Middlesex Avenue found himself surrounded, Saturday noon-time, when he signed up for the Wilmington Little League, in the American Legion Hall, on Middlesex Avenue.

The Wilmington Bantams, struggling to stay above the five hundred mark, pulled the upset of the year on Sunday, when they toppled league-leading Woburn by a score of 6 - 5 in a hotly-contested match.

All of Wilmington's goals were tallied by the league's highest scoring line of Jim Irwin (38 pts) Pete Tighe (30 pts) and Ray Bicknell (22 pts).

Down by two goals in the second

period, Wilmington fought back to tie the score at five all with the winning goal scored by Jimmy Irwin with less than two minutes to go.

Defensively, an outstanding job was done by Mark Rouche, Dave Irwin, and Steve Neal. The net-minding chore was competently handled by Jim Bransfield.

Scoring goals were Peter Tighe with 3, Jim Irwin with 2, and Ray Bicknell with 1. Assists were by Peter Tighe, Jim Irwin, and Ray Bicknell.

The next game for Wilmington will be on Sunday at the Billerica Forum at 7 pm with All-Towns as the opponent. Admission is free.

COMPLETE TAKE-OUT SERVICE

198 in Service on Feb 1

The Town Crier has to correct a previous estimate of how many servicemen are serving from Wilmington.

The task of compiling a list is not easy. A few weeks ago the Town Crier believed there were 207 Wilmington men in the service. Now it seems that the number on Feb 1 was 198, with one of these, the late CWO Joseph DelTorto, USCG now deceased.

Included in the Town Crier's list, which is being made for purpose of record, are some who may not be so included, in an official list - for example Fr. John Regan of St. Thomas, who is serving as a Chaplain with the US Air Force in Panama. A military list compiled by the Government might say that Fr. Regan is from Lawrence, even though he has many ties in Wilmington.

Recently promoted to a Major, Fr. Regan is included, as are some others, in the Town Crier's Wilmington list. These are men who are serving, and who are in essence Wilmington men.

Many drug companies, along with the National Institutes of Health, have cooperative agreements with penal institutions to run clinical tests on inmates.

In 1965, both the Upjohn and Parke, Davis drug firms installed a large and well-equipped laboratory at the State Prison of Southern Michigan.

This prison, possibly the world's largest, provides a pool of over 4,000 prisoners for testing of new drugs. The inmates volunteer and are paid anywhere from a few cents to \$15.00 a day for participation in various drug-testing programs.

While participations in such aren't expected to make model citizens out of hardened criminals, its value to mankind is inestimable.

Lions Club News

On Wednesday March 6, 1968, the Wilmington Lions Club held its regular meeting at the VFW Hall on Main Street. The guest speaker for the evening was Lawrence Cushing, Director of Athletics of the Wilmington School Department. With Mr Cushing was Fred Bellissimo, Wilmington High School Football Coach (Wilmington finished first in their division during the 1967 season).

The subject was 'The Value of Sports in High School'. This was followed by a question and answer period. Two of Wilmington High School's team captains were also present as guests of the Lions.

A joint meeting of the Temple Shalom and the Hebrew School Committee will be held at the Shule Hall on Sunday March 10 at 10:30 AM. A breakfast will be served.
